EDUCATION

B.E. Information Technology

Pune Institute of Computer Technology

08/2019 - Present

SSC and HSC

Kendriya Vidyalaya Army Area

04/2007 - 03/2019

SCORE

- HSC: 91%
- SSC: 10CGPA

PERSONAL PROJECTS

Unify

- A cross-platform mobile app developed using React-native, aiming to act as platform to bring like-minded together for volunteering.

Speech Analyzer

- Created a responsive website using React for a NLP model, aimed to give analysis of user input speeches.

FaceTrace

- Created a responsive website using React fundamentals for Computer Vision project, with flask as a backend. The aim of the application was to make sure that profile pictures for a particular organization meets certain criterias.

DetectX (10/2021 - 12/2021)

- Created a Web-App which used a classification model for identification of COVID-19 or viral Pneumonia using CNN, React and Flask.

TEDxPICT's Website (08/2021 - 01/2022)
